A Focus on Fractions, Percentages & Decimals

25%

0.2

Do you struggle with fractions, decimals and percentages? Multiply are offering the opportunity to improve your skills. This FREE online course will provide the support needed to refresh your knowledge, enabling you to help with your child's homework or simply apply these skills to everyday life.

Course Content

- **Fractions** - The language used when working with fractions. Exploring equivalent fractions, mixed number fractions and finding fractions of whole amounts.
- **Percentages** - Discussing how fractions are linked to percentages and finding percentages of a whole amount.
- **Decimals** - How to relate decimals to place value.

Location

Online via a Teams link which will be sent to you once registered.

Eligibility

Adults over 19 who lack numeracy confidence.
