Helping with Homework

Do you lack confidence when helping your child with their homework?

If so, Multiply can help. Many struggle to understand how their children are being taught maths in schools today. Multiply are offering a FREE fun and welcoming session to help boost your confidence when supporting your child with their homework.

If you would like to attend, FREE after school places could be provided.

Eligibility

Courses are aimed at adults aged 19 and over who do not currently have a Level 2/GCSE maths at grade 4 (previously known as grade C) or for those who think it will help their career progression to go back into learning.

Contact

For further information and to book your space please email multiply@hants.gov.uk

"Since I joined the group, my confidence has grown a lot and I am now able to help my children with their homework. I enjoy everything about the course and it has helped to build my confidence." Sam, Learner, Nov 2023
