Minstead Study Centre has been at the forefront of sustainability promotion within Hampshire for many years. The Centre provides a plethora of opportunities; from life enhancing residentials through to staff training, community events and relaxing activities.

These activities and experiences enable people of all ages to re evaluate their connection, influence and responsibilities towards the people, plants and animals of Planet Earth.

The Friends of Minstead Study Centre has been set up to support the work of the Study Centre by advancing lifelong learning for sustainability.
