Central & Eastern Berkshire Authorities – Joint Minerals & Waste Plan

Call for Sites

The Central and Eastern Berkshire Authorities (Bracknell Forest Council, Reading Borough Council, The Royal Borough of Windsor & Maidenhead and Wokingham Borough Council) are working in partnership to produce a Joint Minerals and Waste Plan which will guide minerals and waste decision making in the Plan area up until 2036.

The Central & Eastern Berkshire Authorities are asking mineral and waste site operators and landowners to put forward site proposals for consideration for minerals and waste uses, including any aspirations for existing sites to either extend or widen the range of operations or facilities.

This is a further round of consultation to seek nominations for additional land that has not been submitted previously to be considered for future minerals and waste operations in the area going forward over the next 15-20 years.

In order to help us assess the sites, we require some essential background information about the site, including what the proposal is for, its location (including a map), and ownership information (including contact information). Additional information will then be sought through follow up communication.

The Call for Sites process will run from 9 October to 22 November 2019.

If you have any queries, please contact Hampshire Services on telephone number 01962 845785 or email jceb@hants.gov.uk
