## **Central and Eastern Berkshire Authorities Joint Minerals and Waste Plan Proposed Main Modifications Consultation**

Dear Planning Team,

Thank you for inviting National Highways to comment on the Central and Eastern Berkshire Authorities Joint Minerals and Waste Plan Proposed Main Modifications.

National Highways has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

We will therefore be concerned with proposals that have the potential to impact the safe and efficient operation of the SRN, in this case the A404(M), A308(M), A404, M4 and M25.

We have reviewed the documents and supporting evidence and have no comments concerning the Proposed Main Modifications.

Please continue to consult National Highways as this Joint Minerals and Waste Plan progresses and also if planning applications are submitted for any of these sites.

Kind Regards

**Mrs Beata Ginn**
