Subject: Re: FW: Central and Eastern Berkshire - Joint Minerals & Waste Plan Regulation 19 Proposed Submission Consultation

Dear Tasha

Thank you for your email.

I think the comments which I have forwarded to you on behalf of Horton Parish Council are very clear, and they certainly represent the views of the Council.

I do not believe that there is any obligation for representations at this stage of consultation to be set out in the manner which you suggest, as they are an informed response to the largely new issues which are raised in the consultation.

However, for your assistance, our comment on WA1 is expressed as "strong objection", and, by analogy, this would also relate to our comments on MA2.

For avoidance of doubt, please record our comments on WA2 and MA1 also as "strong objection" UNLESS the provisos / conditions suggested in our responses are not incorporated into the Plan and into any implementation scheme.

Many thanks

Peter Lerner MA(Oxon), DipTP, MRTPI, Chartered Town Planner

Dear Peter

I am just reviewing the comments you submitted to the Central and Eastern Berkshire Joint Minerals & Waste Plan Regulation 19 Proposed Submission Consultation on behalf of Horton Parish Council. I would be grateful if you could please confirm the following:

- Comments on MA1 Horton Brook and Poyle Quarry Extension – could you confirm whether Horton Parish Council supports or objects to this proposal. If Horton Parish Council objects, please could you confirm whether this is owing to not meeting legal requirements / duty to cooperate or whether it is owing to not meeting the test(s) of soundness. If it is the latter, please could you confirm which test(s) of soundness you consider it fails.
- Comments on MA2 Poyle Quarry Extension – could you confirm whether Horton Parish Council supports or objects to this proposal. If Horton Parish Council objects,

I should be grateful if you would kindly acknowledge receipt, and ensure that you keep the Parish Council advised of all future stages of the Plan and opportunities to comment.

Many thanks

On behalf of Horton Parish Council

Peter Lerner MA(Oxon), DipTP, MRTPI, Chartered Town Planner
