Subject: RE: Minerals and Waste Local Plan - Proposed Submission - Environment Agency Response

Dear Tasha

Thank you for your email.

Regarding policy W4 we are happy for you to change our response to the question, 'Are you seeking a change to the policy?' from 'no' to 'yes'?

Kind regards

Michelle Kidd - Planning Advisor
Area Sustainable Places Team
The Environment Agency

Subject: FW: Minerals and Waste Local Plan - Proposed Submission - Environment Agency Response

Dear Michelle

Thank you for submitting a representation on behalf of the Environment Agency to the Central and Eastern Berkshire Proposed Submission Plan Consultation.

I just have a quick question – under your response to Policy W4, for the question ‘Are you seeking a change to the policy?’ you have selected ‘no’. However, the following question asks ‘If you are seeking a change of policy, please indicate the issues under which you are seeking this or these change(s) (Please select all that apply):’ you have selected the issue of ‘flooding’ against ‘The proposed allocated site at Berkyn Manor Farm, Horton (WA1)’. Therefore, could you confirm you are happy for me to change your response to question ‘Are you seeking a change to the policy?’ from ‘no’ to ‘yes’?

Once you have confirmed, I can then finalise the recording of the Environment Agency’s representation and I can send you an official acknowledgement.

Many thanks,

Tasha

Tasha Webb
Minerals and Waste Policy Officer

Dear Sir / Madam,

Thank you for consulting us on this local plan. Please see attachment for a copy of our response to the Regulation 19 Submission for the Joint Minerals and Waste Local Plan for Central and Eastern Berkshire.

If you have any queries, please don’t hesitate to contact me.

Kind regards,

Michelle Kidd - Planning Advisor
Area Sustainable Places Team
The Environment Agency
