Subject: RE: Regulation 19 - Minerals and Waste Consultation - Summerlease - Obo Shanly Group

Dear Tasha,

Thank you for your email. Please can you include our letter under further comments.

Whilst we do not object to the soundness of the policy as a whole, we do request the removal of the Summerlease Gravel Yard & Office site from the map showing safeguarded sites. It is clear for the reasons set out in the letter that there are no further resources to be extracted from the safeguarded area and it is therefore unnecessary and illogical for the site to be included. As an alternative, a note could be added to the list of Safeguarded Sites adjacent to Sheephouse Farm Quarry to state (excluding the Summerlease Gravel Yard and Office site).

Please do not hesitate to contact me should you wish to discuss this further.

Kind regards,

[REDACTED]

Subject: RE: Regulation 19 - Minerals and Waste Consultation - Summerleaze - Obo Shanly Group

Dear Rosalind

Thank you for submitting a representation on behalf of Shanly Group to the Central and Eastern Berkshire Regulation 19 Proposed Submission Plan.

Please could you confirm whether you would like your representation recorded as an objection to Policy M2, and if so, would this be due to non-compliance with legal requirements / DtC and / or not meeting the test(s) of soundness? If the latter (not meeting the test(s) of soundness), could you confirm which test(s) of soundness you consider Policy M2 to fail.

If, however, you would rather your representation was not recorded as a response to Policy M2, I can record it under 'further comments'.

I just wanted to check with you since you have specifically reference Policy M2, but I don't want to make assumptions on your stance of the Policy.

If you are able to confirm your preference, I'd be grateful.

Many thanks,

[REDACTED]

Tasha Webb
Minerals and Waste Policy Officer
