Describe the proposed change, including how this may impact on service users or staff:

The proposal is to set up a drone service to extend the range of services provided by the Asbestos Team, to achieve corporate savings for Hampshire County Council through delivering more cost efficient inspections. Commercial drone use is expected to be a growth area that would benefit Regulatory Services, and other County Council departments. Services using the drone service are expected to benefit from reduced inspection costs.

Who does this impact assessment cover?

Service users

HCC staff (including partners)

Engagement and consultation

The County Council's *Serving Hampshire Balancing the Budget* consultation (2019-2021) will seek residents' and stakeholders' views on strategic options for funding the Authority's budget gap. Where applicable, detailed proposals for making savings will be subject to further, more detailed 'stage two' consultation before any decisions on service specific changes are made.

Has any pre-consultation engagement been carried out?

Yes

No

No, but planned to take place

Describe the consultation or engagement you have performed or are intending to perform. Describe who was engaged or consulted. What was the outcome of the activity and how have the results influenced what you are doing? If no consultation or engagement is planned, please explain why.

No specific consultation has been carried out on this proposal – however, the County Council ran a major public consultation exercise over the Summer 2019 on a range of options for finding further budget savings including increasing Council Tax, using reserves and making changes to the way services are delivered, which may mean reducing or withdrawing certain services. The outcome of this consultation will be presented to the County Council’s Cabinet in October 2019. When decisions are made to pursue the options, further specific consultation will be carried out with stakeholders on the detailed options where required.
