Pregnancy and Maternity Neutral

Other policy considerations

Poverty Neutral

Rurality Neutral

Neutrality Statement No impact on people with protected characteristics has been identified from this decision, but any schemes that arise as an outcome of this decision would be the subject of their own Equalities Impact Assessment.

Additional Information

It is anticipated that during construction residents and businesses may experience minimum disruption to access. A questionnaire has been issued to gather information to enable us to address the access requirements of residents and businesses. The scheme when in place will have no negative impacts on specific groups with protected characteristics. The scheme will provide all residents increased protection from flooding and reduce the cost, distress, disruption and displacement associated with the recovery of flooding.
