Engagement and consultation

Has engagement or consultation been carried out? Yes

Programme level consultation has been undertaken on the overall principles of the proposals. It has not been possible to undertake detailed consultation until a decision has been made by Government on the level of funding and the specific schemes that it will support. Now the funding levels are known, the County Council will undertake consultation and engagement

on the specifics of each funded proposal. The nature of the engagement will be in line with Covid 19 secure requirements prevalent at the time.

Neutrality statement (if all considerations have a neutral impact)

The decision relates to entering candidate schemes that have received funding into the capital programme and therefore does not have an impact on residents at this stage, so is deemed to have a neutral impact on groups with protected characteristics. Equalities impact assessments for individual schemes will be carried out as they progress to development.
