

Hampshire County Council

Notice about publication of updated 2022/23 accounts

The latest version of our draft 2022/23 accounts is published on the Council's website at:

<https://www.hants.gov.uk/aboutthecouncil/budgetspendingandperformance/accounts>

The accounts document was last updated in December 2023. This made some minor updates to note 8 of the accounts (officer remuneration), following the finalisation of P11D data on benefits in kind. The previous version of the accounts noted that this change would be made once the data was available. The change was made under the delegated authority approved for the section 151 officer at the Audit Committee meeting on 27 September 2023. The rest of the accounts remain unchanged from the previous version published after the September 2023 audit committee.

The audit of the accounts is ongoing at the moment. The audited version of the accounts will be published as soon as possible once the audit has been completed.
