1. The Purpose:

The Hampshire Prosperity Partnership Board (HPPB) are asked to read the Hampshire Skills Strategy Scope, attached to this cover note, and provide any feedback.

2. Background

We have previously discussed with HPPB that we will be developing a Skills Strategy during 2025. The Hampshire Skills Partnership (HSP) are steering this work, reporting into HPPB. The HSP considered the attached scope document at its last meeting on Thursday 13 March, following engagement with internal and external stakeholders, to help give an outline to the development of the Skills Strategy.

3. Summary of the document:

This document provides a proposed scope for the Hampshire Skills Strategy. It is divided into five sections:

- **Section 1** which considers the **background and context**, some of which is subject to change and update.
- **Section 2** which presents some initial **content** suggestions for what the Strategy will explore; the geography, themes and priorities (to be further considered by the Working Group); and key sectors.
- **Section 3** outlines a **timeline** and the **deliverables**. We now have a confirmed internal approval process, culminating in approval by Hampshire County Council Cabinet in December.
- **Section 4** presents a list of **internal and external stakeholders**.
- **Section 5** shows an outline of the **approval process**.

4. Next steps:

The HPPB is asked to provide any feedback to the Hampshire Skills Partnership on this document.
