IMPORTANT INFORMATION REGARDING HIGHWAY WORKS IN YOUR STREET.

STRONGER ROADS TODAY

Hampshire County Council

Highways

Reference – 7204006

Date 16 November 2026

UPDATE 20th NOV – START DATE BROUGHT FORWARD BY ONE WEEK

IMPORTANT INFORMATION REGARDING HIGHWAY WORKS IN YOUR ROAD

What will we be doing?
We will be carrying out footway resurfacing.

Where are the works being carried out?
On the footpath joining Kings Copse Avenue to Sovereign Drive.

When is the work starting and how long for?
Starting on 25 November 2026 and are expected to take up to **3 WEEKS** to complete.

Will you need to close the footway?
In order to complete the works safely a **FOOTWAY CLOSURE** will be necessary. The footway will be closed any time between 07:30 - 18:00 hours on each of the days we are working. The footway will be open outside of these hours.

How can I help?
In order to help us to complete the work as quickly as possible, please ensure that no vehicles are parked near the area of works during working hours.
Please be aware any vehicles left parked within the closure that prevent the works taking place, face the risk of being removed.

What happens if the start date of the works change, how will I know?
Updates will be provided on this page, and for any significant changes the yellow sign boards located at the works limit will be updated.

If you ever need to report a problem with the roads
You can do so by visiting www.hants.gov.uk/roadproblems and then clicking on 'Find out more' on the 'Roadworks or road closure issues' square.

FOR FURTHER INFORMATION AND FREQUENTLY ASKED QUESTION ON HOW THE CLOSURE MAY AFFECT YOU, PLEASE SEE BELOW.

Director of Universal Services
Patrick Blogg

Will I have access to my property during the works?
The surfacing operation uses a separate bitumen layer in addition to the new asphalt footway surface. In order to avoid potential injury or damage, please do not walk across the footway during the works unless directed by a member of the workforce.

For your safety and that of our workforce, we are unable to guarantee vehicular access to and from your property during the closure. Should you need to make an essential journey, please contact a member of the workforce in advance and they will be able to advise if they can accommodate your request. Pedestrian access will be available at all times.

Where can I park?
If you usually park on the road or have vehicles parked on driveways within the immediate work area that you need access to during this time, please make alternative arrangements where necessary.

While we will seek to maintain access wherever possible, there may be times when vehicle access to and from properties cannot be guaranteed due to the nature of the activity taking place. **Please be aware any vehicles left parked within the closure, that prevent the works taking place, face the risk of being removed.**

Parking on or off-road within the wider closure area (beyond the work limits) should generally be possible if traffic regulation orders allow, but please check with site operatives for confirmation.

What happens if the duration of the works change?
Occasionally, adverse weather or operational site issues may cause delays or extend the duration of the works. Any significant changes to the scheduled dates will be updated on the “Planned Works” section of the Hampshire County Council website Planned Maintenance.

What I have a disability and need vehicle access to my property?
Please visit our General enquiry page to provide your details so that a member of our team can contact you and discuss your concerns further. If work is already underway, please speak to our site operatives and explain your circumstances, they will do everything possible to assist you.

Will my rubbish and recycling bins still be emptied?
We will notify your refuse collection service in advance of the works so they can make alternative arrangements if needed. For further details, you may also contact your waste collection provider directly.

What if I have a Hospital, Doctor or Dentist appointment?
If your driveway access or usual parking arrangements are likely to be affected, please try to arrange your appointment for a time when work is not taking place. We appreciate this isn’t always practical, and appointments cannot always be moved. If

needed, please consider parking outside the immediate work area before work starts each day.

If your appointment **cannot be changed**, please use our General enquiry page to provide your details so that a member of our team can contact you and discuss your arrangements further. If work is already underway, please speak to our site operatives and explain your circumstances, they will do everything possible to assist you.
