

****STOP PRESS** - Approved updates to Hampshire Pension Fund Statutory Policies**

******This email has been sent to all high level and finance contacts held in our pension system. Please can you share it as appropriate within your organisation. If you need to update the contact details we hold for you then please let us know.******

Good morning,

Following the recent consultation on changes to the Hampshire Pension Funds statutory policies, the policies were approved by the Pension Fund Panel and Board on 12 December 2025.

Funding Strategy Statement

The Funding Strategy Statement (FSS), together with the Employer Policy, document the way in which the Administering Authority manages employer participation in the Fund. These have been updated to reflect the changes made for the 2025 valuation.

Administration Strategy

The Administration Strategy sets out the responsibilities for both employers and the Fund. The document has been updated to include new responsibilities relating to pension dashboards. Following consultation feedback, a further change has been made to the Hampshire Pension Fund discretions policy; to allow in exceptional circumstances for HPF to consider allowing a strain to be spread over a maximum of the remaining valuation period (or a maximum of three years where is significantly longer).

The updated policies are available on the [Hampshire Pensions Website](#).

Kind regards
