## **Memorandum of understanding**

In our recent Pensions Matters we said we would be sending out a link to a Memorandum of Understanding which has now been finalised following the introduction of new regulations for GDPR. The document sets out that participating employers in the LGPS are able to share data with the LGPS administering authority without a data sharing agreement being in place. This is on the basis that both the employer and the administering authority are data controllers.

You can find the document on our website on the following link - [Memorandum of Understanding](#) Username and password are "Employer1"

Members can find a link to our full privacy notice on the website - [Full privacy notice](#)

Kind regards
