                                                                                                                                                                                   Opposed
                                                                                                                                                                                                      Agenda item: Set Total Limit for Capital Increase to Result from Issuance Requests Under Items 12-17 at 50 Percent of Issued Capital.
                                                                                                                                                                                                      USS note: We support routine authorities to issue shares with pre-emption rights of up to 20% of the issued share capital combined, a maximum 10% of which can be without pre-emption rights. We will vote against any proposals above these limits as they are potentially overly dilutive and therefore not in the interest of existing shareh. Agenda item: Authorise Capital ssuances for Use in Employee Stock Purchase Plans.
