

****This communication is only relevant to Scheme Employers whose employees pay is affected by the 2026 Local Government pay deal – if this does not apply to you, you can ignore this. Please note, that this communication has been sent to High level, Finance and Annual return authorised contacts that we hold for your organisation. Please pass this on as appropriate including any third-party payroll providers****

Following the [recent agreement](#) of the local government pay award from 1 April 2026, we wanted to take this opportunity to remind employers and payroll providers of the pension actions that should be taken when a member receives a back dated payment.

Active members

- **Review contribution bandings** - Information on how contributions bandings should be reviewed are provided in section 10 of the [LGA HR guide](#).
- **Contribution payments** - The contribution payments are due/collected and payable to the Pension Fund at the point these are paid.

Please note: When you complete your 2026/27 Annual return in April 2027 you should reflect the backdated pay award in pensionable pay figures provided.

Ex-Employees

It is recommended by National Joint Council for local government services that employers should pay any monies due to an ex-employee who requests this. When salary arrears are paid to ex-employees who were in the LGPS, the employer must:

- **Provide revised pay information** – Revised leaver forms are not required, instead, can we ask you to complete the attached spreadsheet, advising us of the revised CARE and Final pay, as well as total revised contributions made. This spreadsheet is also available on our [Employer Forms webpage](#). If you are only paying arrears on request, please can you send this spreadsheet to us no more often than once a month (i.e. not each time a single member contacts you). Please email this to pensions@hants.gov.uk
- **Setting member expectations** - Where backdated pay and pension contributions are paid, please advise the member that you will provide revised figures to Hampshire Pension Services, who will write to them as soon as possible. While we will prioritise any members who retired and will recalculate pension and pay any arrears, it may take some time for Pensions to work through these recalculations. We would be grateful if you could set this expectation with the member when you contact them.

Further detail is provided in section 15 of the [LGA HR guide](#) and [LGA Backdated pay award FAQs](#).

If you do have any questions or concerns in respect of the above, please email pensions.employer@hants.gov.uk.

If you have any questions or comments in respect of your contributions, please email contributions.lgps@westsussex.gov.uk.

Kind regards
