

COVID-19 Weekly Update – 21st September 2020

Data correct as of 21st September but subject to revision

Compiled and published by Hampshire Public Health

21st September 2020

This report provides information on the COVID-19 pandemic in Hampshire and includes:

- COVID -19 infections – the total numbers of cases, rates within Hampshire’s districts and overall picture across England
- Deaths - total deaths, which also includes those extra deaths above the number we would normally expect in Hampshire, over recent months

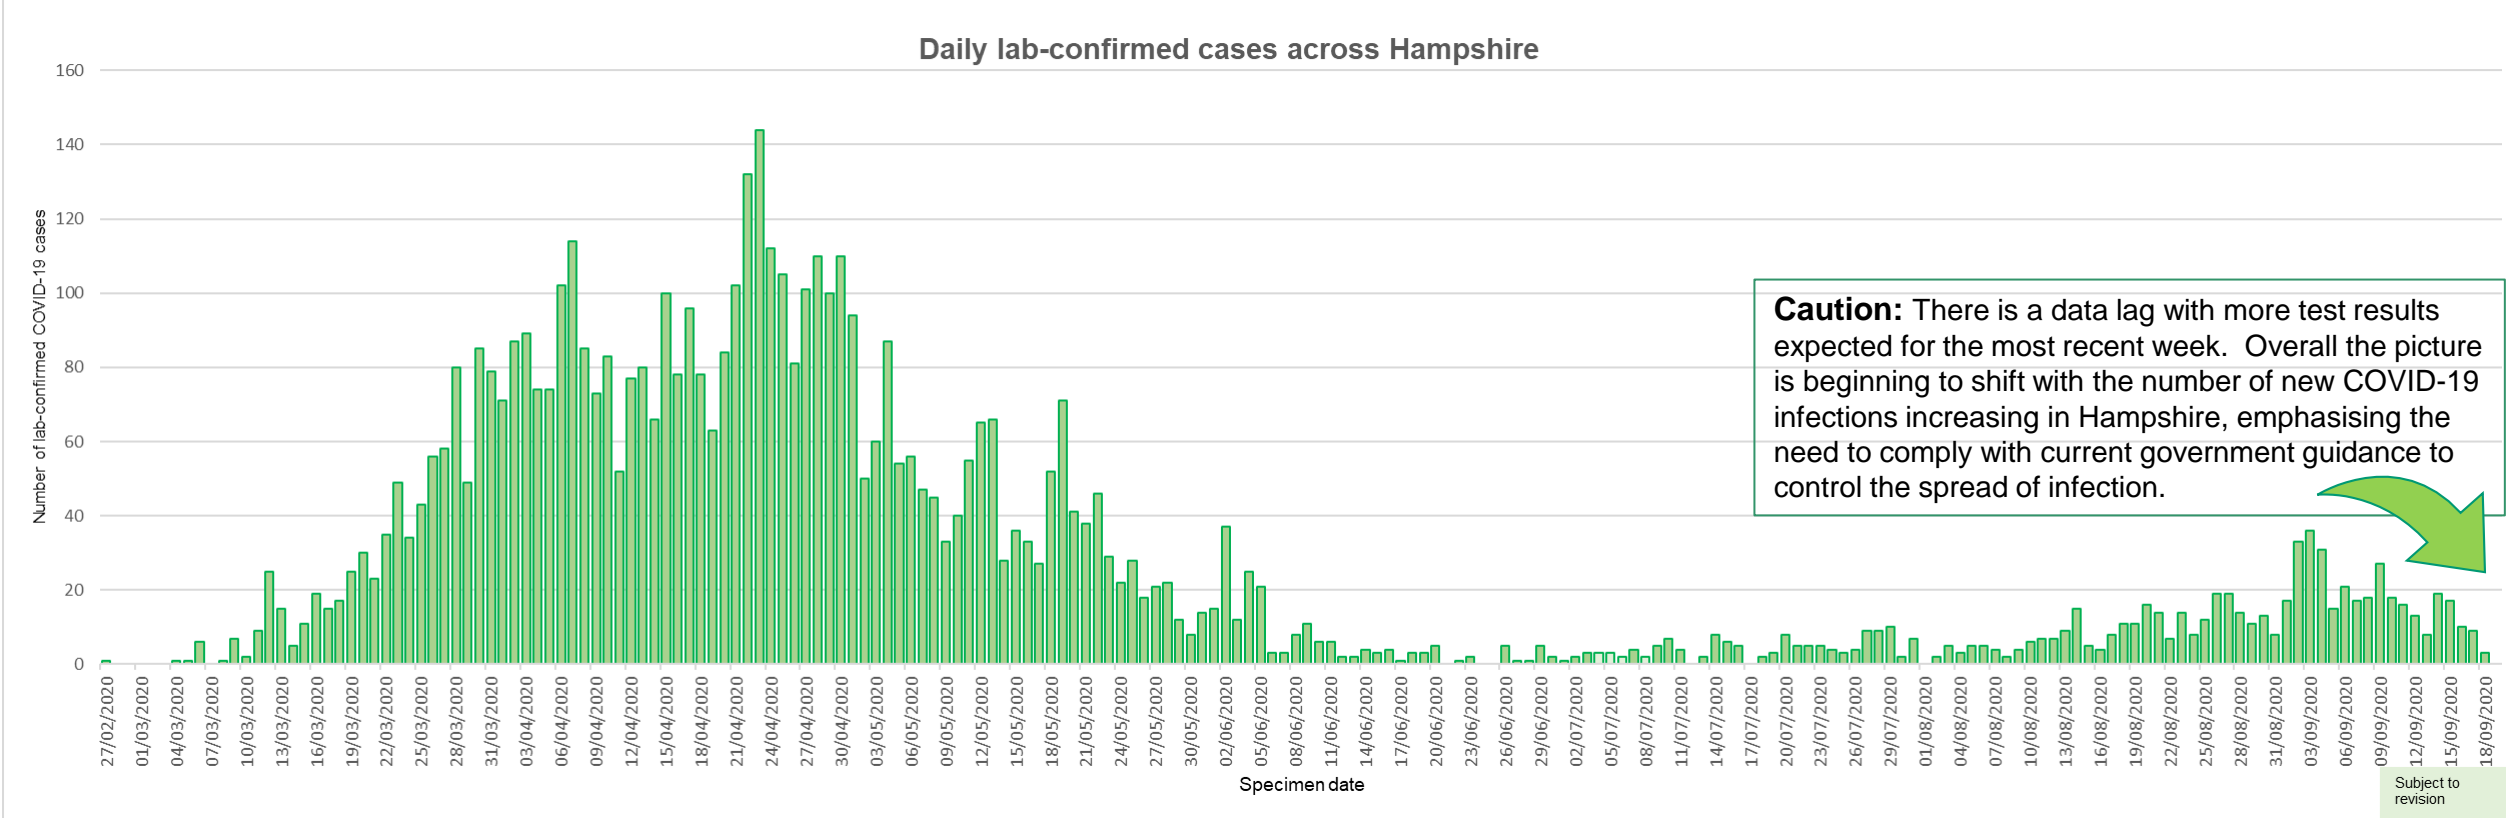

Infections – daily COVID-19 cases in Hampshire showing how the epidemic has progressed over time – the ‘epidemic curve’

Although infection rates since June have been low, the picture is now showing an increase in new infections in Hampshire.

Total number of COVID-19 cases
5,722

Data only includes those cases which have tested positive

Source: [PHE dashboard](#) (Last updated on 20th September 2020)

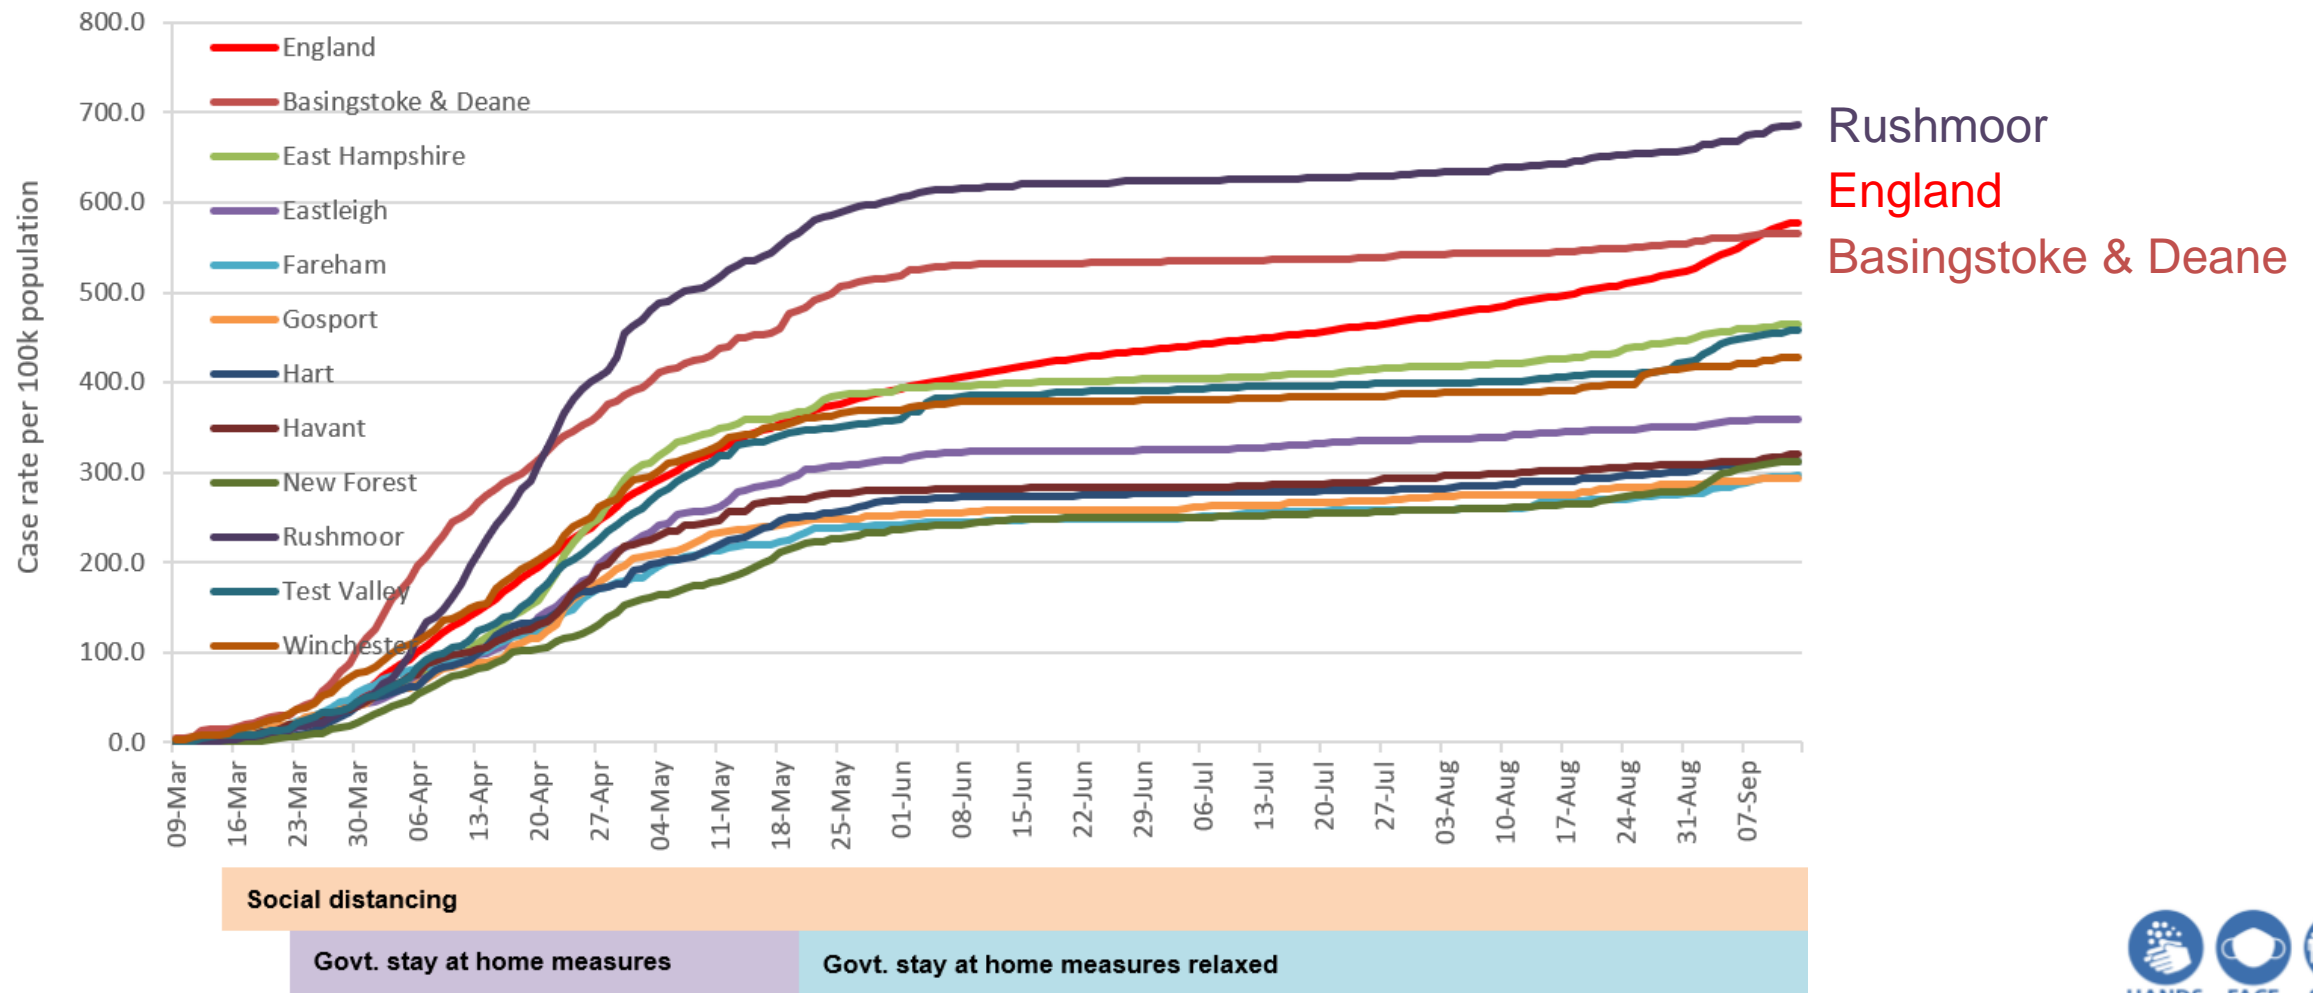

The data now includes all cases, those which have been tested by NHS/PHE laboratories and by the Government's commercial testing partners

Infection rates – Total cases per 100,000 people across Hampshire Districts

- The trend in the total figures shows that the infection is slowly rising across Hampshire
- The highest infection rate has been in the Rushmoor district, where it has been greater than the average infection rates for England

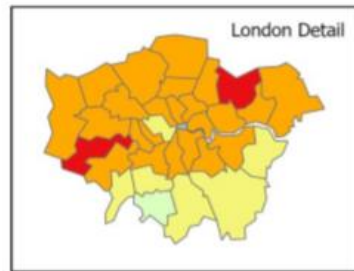

COVID 19 - Case rate per 100k population: Hampshire districts and England

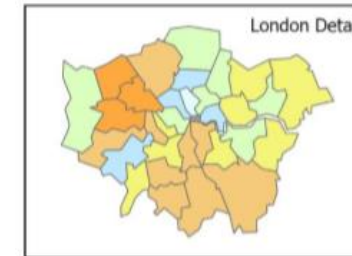

Infections- number of cases of COVID-19 per 100,000 people across England

The epidemic is now no longer localised and is growing in all regions.

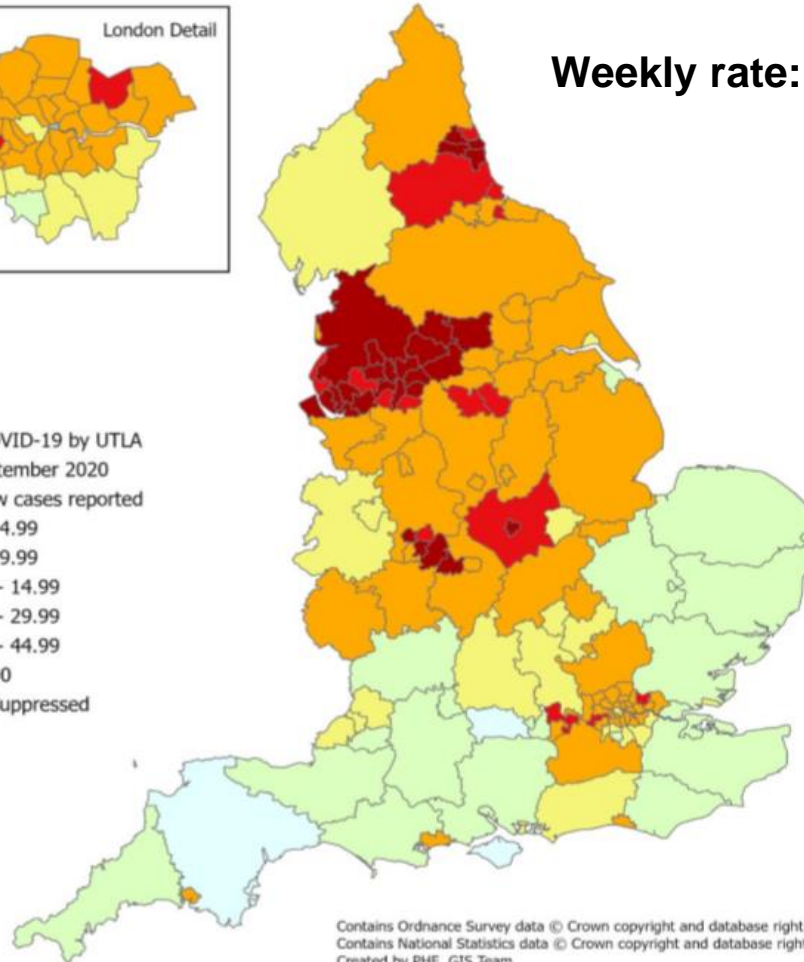

The following local authorities have been included in the watchlist following the weekly Local Action Committee meeting as areas of intervention: Bolton, Blackburn with Darwen, Oadby and Wigston, Hyndburn, Preston, Warrington, Tameside, Sunderland, Oldham, Birmingham, Bradford, Liverpool, Wirral, Burnley, Knowsley, St. Helens, Bury, Salford, Leicester, South Tyneside, Rochdale, Manchester, Gateshead, Solihull, Sandwell, Newcastle upon Tyne, Pendle, Halton, Kirklees, Wolverhampton, Calderdale, Rossendale, South Ribble, Sefton, North Tyneside, West Lancashire, County Durham, Trafford, Chorley, Wyre, Fylde, Northumberland, Lancaster and Ribble Valley.

Areas on the Coronavirus Watchlist

County and Unitary Authorities in England that contain districts with a level of support– Updated 18th September 2020

Area of Intervention
 Area of Concern
 Enhanced Support
 Hampshire Districts (for location reference only)

Number	County/Unitary Authority	Status
1	Bolton	Intervention
2	Blackburn with Darwen	Intervention
3	Leicestershire	Intervention
4	Lancashire	Intervention
5	Warrington	Intervention
6	Tameside	Intervention
7	Sunderland	Intervention
8	Oldham	Intervention
9	Birmingham	Intervention
10	Bradford	Intervention
11	Liverpool	Intervention
12	Wirral	Intervention
13	Knowsley	Intervention
14	St. Helens	Intervention
15	Bury	Intervention
16	Salford	Intervention
17	Leicester	Intervention
18	South Tyneside	Intervention
19	Rochdale	Intervention
20	Manchester	Intervention
21	Gateshead	Intervention
22	Solihull	Intervention
23	Sandwell	Intervention
24	Newcastle upon Tyne	Intervention
25	Halton	Intervention
26	Kirklees	Intervention
27	Wolverhampton	Intervention
28	Calderdale	Intervention
29	Sefton	Intervention
30	North Tyneside	Intervention
31	County Durham	Intervention
32	Trafford	Intervention
33	Northumberland	Intervention
34	Leeds	Enhanced Support
35	Stockport	Enhanced Support
36	North Yorkshire	Concern
37	Hartlepool	Concern
38	Sheffield	Concern
39	Surrey	Concern
40	Northamptonshire	Concern
41	Middlesbrough	Concern
42	Hertfordshire	Concern
43	Peterborough	Concern
44	Stoke-on-Trent	Concern
45	Hampshire	Reference only

Whilst the Hampshire weekly incidence rate is relatively low at 7.27 per 100,000, it reflects a general trend towards larger numbers of cases and the need to remain vigilant

Table 1: Local Authority watchlist areas - Areas of intervention

Lower Tier Local Authority	Individuals tested per day per 100,000 population (7 day moving average)	Trend	Incidence per 100,000 population (weekly)	Trend	Contain Framework Watchlist Status - week beginning 4 September	Change in Watchlist Status from previous week	Area with household mixing prohibited?
Bolton	257.4	⬆️	232.7	⬆️	Intervention	➡️	YES
Blackburn with Darwen	266.6	⬆️	122.9	⬆️	Intervention	➡️	YES
Cardiff and Wye Valley	242.4	⬆️	119.2	⬆️	Intervention	➡️	YES
Harrogate	239.8	⬆️	117.6	⬆️	Intervention	➡️	YES
Preston	205.4	⬆️	105.1	⬆️	Intervention	➡️	YES
Warrington	217.8	⬆️	105.0	⬆️	Intervention	➡️	YES
Tameside	203.7	⬆️	103.5	⬆️	Intervention	➡️	YES
Sunderland	324.7	⬆️	103.1	⬆️	Intervention	➡️	YES
Oldham	238.2	⬆️	98.9	⬆️	Intervention	➡️	YES
Birmingham	164.8	⬆️	98.0	⬆️	Intervention	➡️	YES
Bradford	171.5	⬆️	97.5	⬆️	Intervention	➡️	YES
Liverpool	382.7	⬆️	95.8	⬆️	Intervention	➡️	YES
Wirral	270.0	⬆️	95.0	⬆️	Intervention	➡️	YES
Burley	315.8	⬆️	93.0	⬆️	Intervention	➡️	YES
Knowsley	210.4	⬆️	92.9	⬆️	Intervention	➡️	YES
St. Helens	176.5	⬆️	91.6	⬆️	Intervention	➡️	YES
Bury	399.3	⬆️	90.5	⬆️	Intervention	➡️	YES
Salford	170.4	⬆️	88.0	⬆️	Intervention	➡️	YES
Lancaster	215.1	⬆️	86.7	⬆️	Intervention	➡️	YES
South Tyneside	169.6	⬆️	86.5	⬆️	Intervention	➡️	YES
Rochdale	223.4	⬆️	84.1	⬆️	Intervention	➡️	YES
Manchester	377.6	⬆️	83.6	⬆️	Intervention	➡️	YES
Gateshead	174.8	⬆️	77.5	⬆️	Intervention	➡️	YES
Solihull	181.3	⬆️	77.2	⬆️	Intervention	➡️	YES
Sandwell	164.2	⬆️	72.1	⬆️	Intervention	➡️	YES
Newcastle upon Tyne	163.7	⬆️	68.6	⬆️	Intervention	➡️	YES
Pendle	245.5	⬆️	61.3	⬆️	Intervention	➡️	YES
Halton	193.5	⬆️	60.7	⬆️	Intervention	➡️	YES
Kirklees	135.0	⬆️	60.4	⬆️	Intervention	➡️	YES
Wolverhampton	204.6	⬆️	60.3	⬆️	Intervention	➡️	YES
Calderdale	151.3	⬆️	59.5	⬆️	Intervention	➡️	YES
Rushcliffe	230.2	⬆️	57.0	⬆️	Intervention	➡️	YES
South Ribblesdale	197.4	⬆️	52.5	⬆️	Intervention	➡️	YES
Sefton	169.0	⬆️	49.0	⬆️	Intervention	➡️	YES

ENGLAND	63.7	⬆️	33.8	⬆️			

Deaths

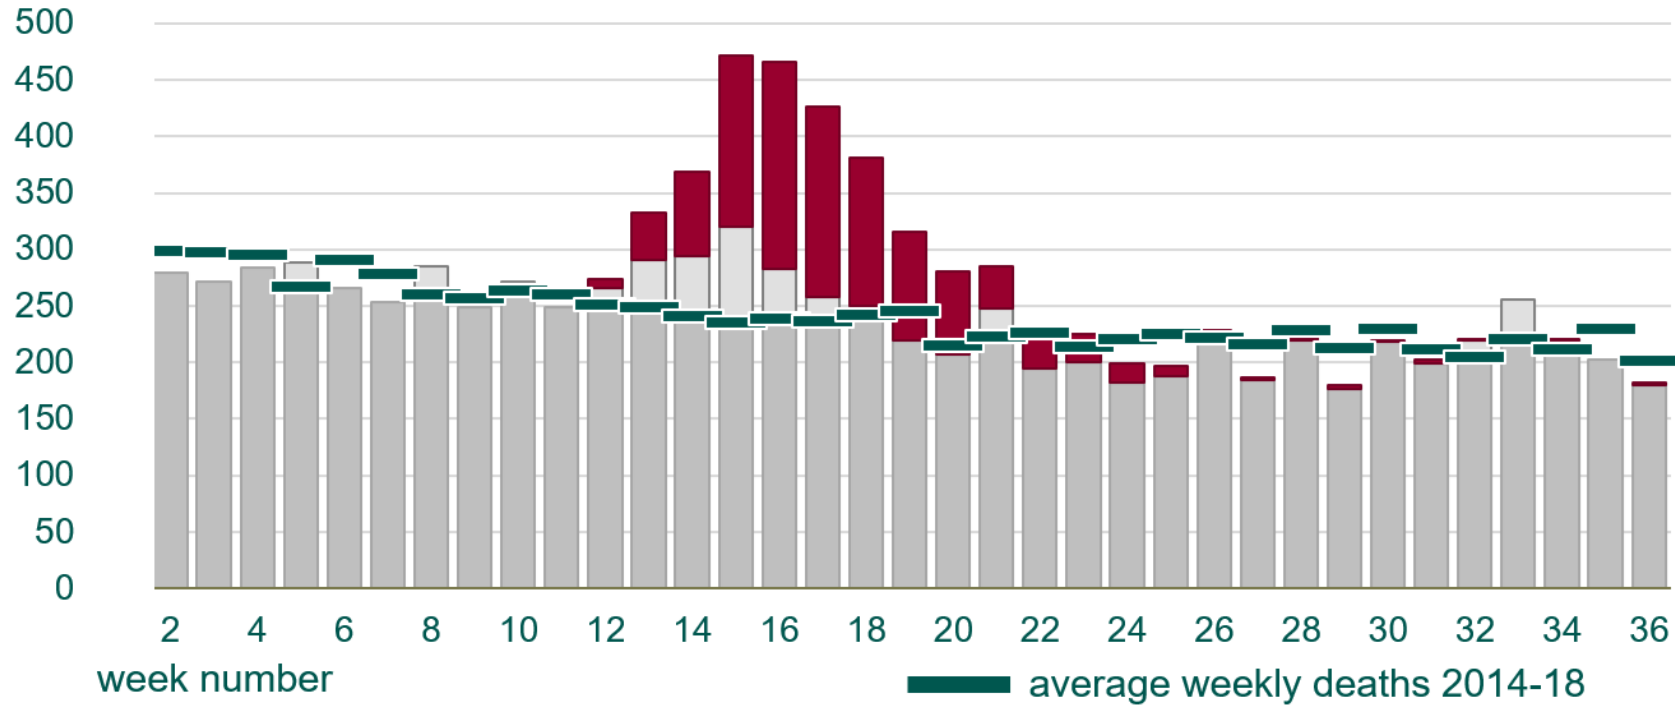

Deaths due to COVID-19 are continuing to decline, - the latest weekly figure is 2
There have been no excess (extra) deaths above the number we would usually see at this time of year.

Total number of COVID-19 deaths

1,065

All deaths in 2020 by week, with proportion where COVID-19 is mentioned

COVID-19 mentioned on the death certificate

Excess deaths have come right down and are lower than the 5-year weekly average, for this time of year.

COVID-19 not mentioned

Estimated excess deaths

1,200
