

# Whitehill & Bordon Relief Road

**Phase 2 – Scheme Plan**

## Progress Update

The closure of Oakhanger Road is now in place so that South East Water can divert their water mains. The closure is due to be lifted on 14 April. We know this work is disruptive and want to thank you for your patience during this time.

The closure of Figrove Road, to move the water mains there, went smoothly and was lifted one day ahead of schedule.

Work to prepare for the construction of the new double roundabout to tie in with the A325, Figrove Road and Liphook Road is underway. This work will continue throughout 2017, with temporary traffic lights being used as required to provide safe working areas for construction.

More information on road closures and the scheme can be found at:  
[www.whitehillandbordonreliefroad.com](http://www.whitehillandbordonreliefroad.com)

## Upcoming Site Activities

The majority of the work over the next two months will focus on;

### Junction 1

- ✓ forming the new roundabouts
- ✓ extensive filling to the former railway cutting
- ✓ new drainage
- ✓ construction of new retention ponds

### Junction 3

- ✓ services diversions, drainage and roadworks at Oakhanger Road junction

## Safety Message

Please can we remind walkers in the area to take care when crossing the site and only use designated access points.

## Considerate Constructors

Carillion are committed to minimising the impact of our construction activities on the communities in which we work.

The Whitehill and Bordon scheme has been registered with the Considerate Constructors Scheme (CCS) to ensure that we follow their Code of Construction Practice and are accountable for what we do and how we do it.  
[www.ccscheme.org.uk](http://www.ccscheme.org.uk)

## Sustainable approach

Material being used to fill the railway cutting is being recycled from other areas of the site reducing the need to import from elsewhere.

As part of the wider regeneration of the area materials from phase 1 of the construction works are starting to be used to create areas of landscaping.

## Community Visit

Carillion visited Bordon Primary and Infant School with 'Ivor Goodsite' (the Considerate Constructors Mascot). Ivor spoke to all pupils from Year 1 to 6 about keeping safe whilst the construction work takes place.

## Open Event - feedback

Thank you to everyone who attended the open event on Thursday 2 March at Whitehill Village Hall. It was really interesting to hear your views on the regeneration of the town and in particular how the relief road plays a part in this.

The current closure of Oakhanger Road was a particular concern for some of you.

To support local businesses we have;

- ✓ *Bordon Trading Estate and Chocolate Frog Tea Rooms* signs to provide clear direction for visitors
- ✓ Kept the diversion routes clear of works

Filling to former railway cutting near Junction 1

Keeping in contact To keep you informed about the works taking place and how it may affect you, we have a project website which is regularly updated.

[www.whitehillandbordonreliefroad.com](http://www.whitehillandbordonreliefroad.com)

In addition we will send information by letter, email and social media to ensure we reach those who may be affected. Questions or queries about the work can be raised directly with Hampshire County Council via email at: [whitehillandbordon@hants.gov.uk](mailto:whitehillandbordon@hants.gov.uk)

For any out of hours operational emergencies contact the Carillion Team on: 0345 1647054
