REF: Notice of Temporary Traffic Signals on Winchester Street, Botley

Dear Resident / Business Owner,

We would like to inform you of upcoming temporary traffic management works on Winchester Street, Botley.

To safely facilitate the planned works, temporary four-way traffic signals will be in operation on Winchester Street, Botley, from 14 October 2026 until 6 November 2026.

What to expect;

- Temporary four-way traffic lights will be in place throughout the works period.
- The traffic signals will be manually managed during peak traffic periods to help minimise delays and maintain traffic flow.
- Some delays may still occur, particularly during busy periods.
- Access to residential properties and businesses will be maintained wherever possible.
- Pedestrian routes will remain available and will be clearly signed.
- Access for emergency services will be maintained at all times.

We kindly ask road users to allow extra time for their journeys and to follow all temporary signage and traffic management instructions in place.

We apologise for any inconvenience these works may cause and appreciate your patience and cooperation while the improvements are carried out safely.

Kind Regards

Mike Tomlinson
Delivery Manager
